0.25%	Ammoniacal Nitrogen
Calcium (Ca)	7.0%

Derived from anhydrous ammonia and calcium nitrate

ALSO CONTAINS NON-PLANT FOOD INGREDIENT(S)
4% ORGANIC ACIDS derived from leonardite.

MIXING INSTRUCTIONS

- Partially fill tank with water or fertilizer and start aditation.
- Add other nutrients or pesticides if compatible.
- 3. Add Actagro® 7% Calcium to circulating tank mix.
- Fill tank and agitate thoroughly.

Net Contents 5 gallons (18.9 liters) 11.5 lbs. per gallon (1379 grams/liter) @ 68° F Net Contents 2.5 gallons (9.5 liters) 11.5 lbs. per gallon (1379 grams/liter) @ 68° F Net Contents 265 gallons (1003.1 liters) 11.5 lbs. per gallon (1379 grams/liter) @ 68° F

DIRECTIONS FOR USE

Actagro® 7% Calcium can be applied to most vegetable and cucurbit crops, field and row crops, deciduous fruit and nut trees, grapes, berries, olives, avocados and citrus. 7% Calcium is designed for soil application and for foliar use. Apply directly to soils or inject through irrigation systems where water quality is satisfactory to maintain solubility. Foliar applications should be as a dilute spray. Application rates vary by crop or situation. Mixing with irrigation water for field storage is generally not recommended. Products blended with irrigation water should be used immediately and not stored for prolonged periods.

FOLIAR APPLICATION RATES

FIELD AND ROW CROPS: Apply 1 to 6 quarts per acre in a minimum of 10 gallons of water per acre. May be applied through center pivot irrigations systems. Repeat applications may be beneficial.

VEGETABLE & FRUIT CROPS, ORCHARDS & VINEYARDS: Apply 1 to 4 quarts per acre. In aerial applications use a minimum of 10 gallons of water per acre. In dilute or concentrate sprays use a minimum of 25 gallons of water per acre. Repeat applications may be beneficial.

SOIL APPLICATION RATES

FIELD AND ROW CROPS: May be applied pre-plant, side dress, fertigated, top dressed or banded to the soil. To apply alone, dilute with water to ensure uniform distribution. Use 1 to 10 gallons per acre. May be applied through center pivot irrigation systems. Repeat applications may be beneficial.

VEGETABLE & FRUIT CROPS, ORCHARDS & VINEYARDS: Use 1 to 10 gallons per acre. Repeat applications may be beneficial.

FERTIGATION APPLICATION RATES

FIELD & ROW CROPS, ORCHARDS & VINEYARDS, VEGETABLE & FRUIT CROPS: Use 1 to 10 gallons per acre per irrigation. Continue irrigation for a minimum of 2 hours after application to flush lines and to maximize nutrient distribution with drip and microsprinkler use. Repeat applications may be beneficial.

APPLICATION THROUGH DRIP IRRIGATION - inject after irrigation filter.

TRANSPLANT WATER - FIELD & ROW CROPS, ORCHARDS & VINE-YARDS, VEGETABLE & FRUIT CROPS: Use 1 to 5 gallons per acre, not to exceed a 3% solution of Actagro® 7% Calcium to water.

GENERAL INFORMATION

Actagro® 7% Calcium is formulated in a proprietary process for the prevention or correction of calcium deficiencies in plants and can be effectively used for both foliar and soil applications.

CAUTION: Always check compatibility with other products prior to use. Do not mix with conventional products containing the salts of heavy metals. Do not mix with conventional phosphorus based fertilizers.

CAUTION: Foliar application of Actagro® 7% Calcium close to harvest may leave a brown residue on the harvestable portion of the crop. Rainfall, sprinkler irrigation or high humidity should alleviate this condition.

WARRANTY: Since weather, crops, soil and other conditions may vary, neither Actagro®, LLC, nor the Seller make a warranty of any kind, expressed or implied, concerning the use of this product. The user assumes all risk of use and handling whether or not in accordance with directions or suggestions.

KEEP OUT OF REACH OF CHILDREN. HARMFUL IF SWALLOWED. AVOID CONTACT WITH SKIN, EYES OR CLOTHING. In case of contact immediately flush skin, eyes or clothing with plenty of water for at least 15 minutes.

Information regarding the contents and levels of metals in this product is available on the internet at http://www.aapfco.org/metals.htm

*Not all Actagro® products are compatible with one another or when mixed with other fertilizers and/or pesticides on the market. A small scale compatibility test is recommended prior to mixing.
